

Client Relationship Summary
Quantum Leap Capital, LLC (CRD# 165310)

Introduction

Our firm, Quantum Leap Capital, LLC, is registered as an investment adviser with the U.S. Securities and Exchange Commission. Brokerage and investment advisory services and fees differ and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

Relationships and Services

What investment services and advice can you provide me?

Services: We offer investment advisory services to retail investors. These services include wealth management which is a combination of financial planning and investment management. We may also offer investment management or financial planning as a stand-alone service. We also offer business planning services.

We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.

Accounts, Investments, and Monitoring: We provide services to individuals, high net worth individuals, trusts, and estates. We primarily use mutual funds and exchange-traded funds in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our standard services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also offer to meet with you at least annually, or more frequently, depending on your needs.

Investment Authority: We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing. We also offer our services on a perpetual and non-discretionary basis, which means we are required to obtain your consent prior to executing any trades in your accounts. Therefore you will make the ultimate decision regarding the purchase or sale of investments in your accounts. However, we may not be able to aggregate your order with other client orders under this type of authority and therefore you may not receive the same price as other clients.

Account Minimums & Other Requirements: We generally require a minimum relationship size of \$1,000,000 for our wealth management services. This amount may be waived or reduced at our sole discretion. Clients who do not meet this minimum relationship size can engage with us for investment management and financial planning services on a separate stand-alone basis.

Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

Asset-Based Fees: Our asset-based fees for wealth management and/or investment management range from 0.125% to 0.75% annually based on a tiered schedule. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will ultimately pay more in advisory fees.

Hourly Fees: Our hourly fees for investment management and financial planning are at a rate of \$475 per hour. Hourly fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate for total hours and overall costs prior to engaging us for these services.

Fixed Fees: Our fixed annual fees for financial planning range from \$3,600 to \$25,000 per year. Our fixed fees for business planning range from \$300 to \$4,000 per month. These fees are collected on a monthly basis and negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate of the total cost prior to engaging us for these services.

Other Fees & Costs: In addition to our advisory fee, you will also be responsible for third party manager and/or platform fees, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

We may recommend that you invest in proprietary products that we manage whereby an affiliate serves as the general partner. Investing in a proprietary product means that individuals within our organization will receive additional revenue from the fees collected for the management of these products. We are therefore financially incentivized to recommend that you invest directly into proprietary products over other alternatives.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue generated from advisory services, which is distributed in accordance with our partnership agreement. This means our financial professionals have an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of existing clients.

Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

Firm- No. Financial Professional- Yes. You can visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Conversation Starters: *As a financial professional, do you have any disciplinary history? For what type of conduct?*
